

## PCT Landscape - FIND (2017)

DISCLAIMER: The Information used in this list was supplied directly from the companies or found in the public domain associated with the specific products, and should be considered "as is" ("Information"). Under no circumstances shall FIND be responsible or warrant for the accuracy of any of the Information used in the List. FIND shall not be responsible and will not indemnify any third party in any way, for loss, claim, damage, or liability, of whatsoever kind or nature, which may arise from or in connection with the use of the Information. Use of any such Information, for whatever purpose, shall be at the users own risk and liability. Images, status and time estimates are to be taken as indicative. The timeline uses latest best estimates for when technologies are expected to receive WHO recommendation. However, not all of the products in earlier stages are expected to receive WHO recommendation and therefore the timelines are only estimates. FIND encourages product developers to provide updates relevant to their products using the "Submit/Update a product" functionality in the FIND Dx Pipeline Tracker to ensure the most up-to-date information is always provided.
