

WEBINAR 1

ASSESSMENT OF DIAGNOSTIC GAPS AND RELEVANT DIGITAL HEALTH SOLUTIONS IN INDIA

NOVEMBER 3, 2020

12:00PM – 1:00PM CET / 4.30PM – 5:30PM IST

FIND and EIC led a first-of-its-kind assessment to help prioritize digital health solutions – new and existing – that could address diagnostic gaps to improve healthcare service delivery in India. The findings are based on interviews with in-country experts from government, implementing partners, patient advocates and digital health experts/vendors, and a national-level mobile survey plus desk research to validate key findings. Join us for an exclusive FIND webinar on these assessments, which includes an interactive panel discussion on the findings from India.

AGENDA

Assessment objective overview and methodology – Rigveda Kadam, FIND	5 mins
Review of country-specific findings – Rajnee Singh, EIC	15 mins
FIND moderated panel discussion on the country-specific findings – Sanjay Sarin, FIND	25–30 mins
Q&A – Sanjay Sarin, FIND	5–10 mins
Closing – Rigveda Kadam, FIND	5 mins
