**Foundation for Innovative New Diagnostics India**  
**Significant Accounting Policies for the year ended 31 March 2021**

**1. Background**

Foundation for Innovative New Diagnostics India (FIND) (“the Company”) is a not for profit company limited by guarantee without share capital and was incorporated in India on 07 July 2015. The Company is registered as Section 8 Company under the provisions of Companies Act, 2013 to carry on the objects to reduce poverty and transform lives by turning diagnostic challenges into simple solutions with the aim of promoting humanitarian principles and social mission and to support uptake and appropriate use of diagnostics to achieve the aim of improving health.

**2. Significant accounting policies**

**a) Basis of preparation and presentation of financial statements**

The financial statements have been prepared and presented under the historical cost convention on a going concern basis on an accrual basis of accounting and in accordance with the provisions of the Companies Act, 2013 and accounting principles generally accepted in India and comply with the accounting standards specified under Section 133 of the Act, to the extent applicable.

**b) Current and non-current classification**

The financial statements are presented as per Schedule III to the Companies Act, 2013. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the revised Schedule III to the Companies Act, 2013.

Based on the nature of activities of the Company, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

All assets and liabilities are classified into current and non-current based on below criteria:

**Assets**

An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realized within 12 months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

**Liabilities**

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within 12 months after the reporting date; or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

**Foundation for Innovative New Diagnostics India**  
**Significant Accounting Policies for the year ended 31 March 2021**

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

**c) Use of estimates**

The preparation of financial statements in conformity with Indian Generally Accepted Accounting Principles (GAAP) in India requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosures of contingent liabilities on the date of financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in current and future periods.

**d) Revenue recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Grants and donations for specific projects are recognised as income to the extent utilised during the year as per the terms of agreement/sanction and unutilized amounts are carried forward as liability and disclosed as 'Unutilised grant balance' under other current liabilities until the actual expenditure is incurred.

Interest income is recognized on accrual basis when there is reasonable certainty of its ultimate realization/ collection.

**e) Cash and cash equivalents**

Cash and cash equivalents comprise cash balances on hand and cash with bank.

**f) Foreign currency transactions**

Foreign currency transactions are recorded into Indian rupees by applying to the foreign currency amount the exchange rate between Indian rupees and the foreign currency on/or closely approximating to the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies as at the Balance Sheet date or at the time of settlement are translated into Indian rupees at the exchange rates on that date.

**g) Leases**

Lease rentals under an operating lease are recognized as an expense in the Income and Expenditure Account on a straight line basis over the lease term.

**h) Provisions and contingent liabilities**

The Company creates a provision when there exist a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of

resources is remote, no provision or disclosure is made. Contingent assets are not recognized in the financial statements.

**i) General funds**

The Company receives general funds which are unrestricted from donors. The excess of income over expenditure during the year, being general purpose in nature is carried forward for use in the future periods.

**j) Asset fund for fixed assets purchased from project funds**

Project Fixed Assets : Assets purchased out of grants received are charged off to the respective donors. These assets are capitalized, and an equal amount is transferred to Assets Fund Account for control purposes. Depreciation of fixed assets purchased out of grant received is debited to the Assets Fund Account. Accordingly, deletion of such fixed assets due to sale/disposal are also adjusted from the Assets Fund account.
